Mission

Free medical camps are set up with a sacred aim to bring awareness amongst the deprived population of the country who have no access to basic healthcare services or knowledge about the diseases they are suffering from. So, medical camps provide free medical advice, medicine to the unfortunate people and refer for specialized treatment or surgery whenever it is required. These camps make sure people are getting the healthcare at the right time, and seeing the doctor early enough before a small health problem turns serious.

Vision

Some of the most preventable diseases known to humans are hate and gender differences along with emotional distress which continues to breed hunger and infect humankind. There will be a time when we will have to have a respect for all humans and provide equal access to food and the resources by which to be able to obtain nourishment or hunger will continue to be a problem. Like history dictates, it usually will require a disaster before we consider a transformation, which is a concept that each person is going to have to realize to end hunger Determined and Committed to co-operate the needy and distress people and children who have been in backward stage from our Social Life Company inspired by The Akshay patra Foundation . Kanwar has been feeding poor children for many years. Similarly, 2% of APL 247 will be used for the food of poor children.
